Matvey stands tall at 6'1", and he's the kind of guy whose light brown, naturally tousled hair always looks effortlessly cool—like he just walked off the cover of a magazine without even trying. His short, well-kept beard adds a touch of ruggedness, but it's his almond light brown eyes that really pull you in, full of quiet thoughtfulness. Matvey's got this endearing combo of dimples and a shy smile, making him seem approachable even when he's keeping things low-key. And with that sharp nose, he's as distinctive as he is friendly!

Matvey is a globetrotting software engineer with a flair for languages—he's fluent in Russian, English, Italian, and Japanese! When he's not coding away, you might find him striking a pose in yoga class or gliding through the water with a swim. This adventurous spirit has explored over 40 countries, soaking up cultures and experiences like a pro. In his downtime, Matvey loves to set sail on the open water, feeling the wind in his hair and the thrill of the sea.
