WHAT IS AN OPEN ID DONOR?

This term means that a donor has agreed to at least one form of contact with any donation-born offspring once the child turns 18. In America, this is the fastest-growing trend among sperm banks due to the transparency and comfort it provides. **Seattle Sperm Bank was the first in the U.S. to specialize in providing this option to donor-conceived children.**

“While our patients have many sperm banks to choose from, we like when they choose Seattle Sperm Bank because of the **QUALITY OF THE SPERM SAMPLES**. The samples thaw well and the number of motile sperm recovered is always very high. I always feel comfortable recommending that patients use Seattle Sperm Bank, both because of the sample quality but also because of the **VERY COMPETITIVE PRICING** per vial.”

ABOUT SEATTLE SPERM BANK

The goal of our team is to help you achieve your dreams of conception, pregnancy and parenthood. Our focus is about combining a personal, compassionate approach with uncompromising medical expertise and the very best in donor selection.

We are one of the nation's leading sperm banks.

Our partners are the country's most well-regarded fertility clinics – professionals who provide couples and individuals like you quality guidance and support. They think like we do: that you need to make important decisions when choosing a donor. We offer the resources of larger clinics, but we operate on a first-name basis with our moms-to-be. We are here to answer all your questions. Our team will be communicative and straightforward while we help you find your ideal match.

Thank you for allowing us to walk you through the process. We love hearing about happy families we help create. **Our goal is to be here for you as you take these life-changing steps.**

Visit www.SeattleSpermBank.com or call **(206) 588-1484** if you have any questions about our donor sperm testing process, our library of donors, or your next steps.

Big steps. Little steps. Crucial steps.

You are about to embark upon an amazing journey.

As you start the process, Seattle Sperm Bank is here to support you every step of the way. **Our role is to provide the guidance and expertise you need to find the best donor for you.**

OUR APPROACH

The approach that built Seattle Sperm Bank into a reliable, go-to resource for our clients is to **always put the individual first – our donors, our clients, our staff.** The fertility clinics we work with share this view.

As you start your journey to parenthood, we are here to offer **support, guidance and advice** through every step. Having had the opportunity to serve thousands of clients over the years, we know that **a simple, straightforward process will result in the most satisfying and successful outcome for you.**

FINDING THE BEST DONOR

We have made it easy for you to get a comprehensive view of each available donor. **Our \$50 All-Access Pass allows you 3 months of unlimited online access to the following detailed information for each donor:**

- Genetic Testing

Adult photo upgrade available on select donors

In every **1,000** of our applicants, only **10** qualify for donation.

OUR DEDICATION TO QUALITY

Finding the right donor and acquiring a quality donor sperm sample are the two most important parts in this journey. They are both keys to your successful insemination.

Our top priority is to provide the donor sperm that is most ideal for you. We use industry-leading screening and testing procedures to ensure that the donor sperm that we offer clients and fertility clinics is of the highest possible quality.

OUR SIMPLE STEPS

1. Visit www.SeattleSpermBank.com to start your donor search. We offer a \$50 All-Access Pass that includes unlimited online access to detailed information about each donor. Upgrade to a \$99 All-Access Pass Plus to see any available adult photos.
2. Choose a donor, select a vial type and decide how many vials you'll need for now and for possible future siblings. Please consult your physician if necessary.
3. Place your order online or call **(206) 588-1484** to order over the phone with assistance from one of our staff members who can answer any questions you may have. You can choose to store units with us or ship them directly to your clinic or home.
4. Schedule your shipment to arrive at least 2-3 days prior to your scheduled insemination. Prior to shipment, make sure to submit the simple required form (**Purchaser Semen & Storage Agreement**). For Home Deliveries and any deliveries to New York state, we also require the **Authorization for Release of Semen Form** to be submitted.

“My partner and I are still talking about how appreciative we are of the **GREAT CUSTOMER SERVICE** we experienced at Seattle Sperm Bank. Thank you for being so **KNOWLEDGEABLE, RESPONSIVE and EASY TO WORK WITH!**”
